

Florida Changes Handbook

Wednesday, October 03, 2007
 Juan Esparza, Business Analyst

This document points out all changes that were made by Florida's EMSAC Data Committee to the standard NEMSIS Data Dictionary based on the NHTSA 2.2.1 data set. Each change listed within corresponds to modified definitions, uses, and picklist field values within Florida's EMS Data Dictionary and its associated XSD available online at: www.floridaemstars.com

Element Number: E01-01	Element Name: Patient Care Report Number
-------------------------------	--

Modified Definition:	
Additional Information:	<ul style="list-style-type: none"> The PCR Number can also be provided from another database like CAD
Field Values Removed:	
Field Values Added:	
Changes to XML Schema:	

Element Number: E02-02	Element Name: Incident Number
-------------------------------	-------------------------------

Modified Definition:	
Additional Information:	<ul style="list-style-type: none"> Most commonly the incident number assigned by the 911 Dispatch System; may also be an alarm number. All incident numbers must be unique to the request for service for all of time.
Field Values Removed:	
Field Values Added:	
Changes to XML Schema:	

Element Number: E02-04	Element Name: Type Of Service Requested
-------------------------------	---

Modified Definition:	
Additional Information:	<ul style="list-style-type: none"> • Mutual Aid: Defined as responding outside of 'Area of service' and at the request of another licensed agency • Intercept: Defined as a type of service where an agency responds to transport (or assist with the transport of) a patient that is transferred by another agency or unit from any place other than the scene.
Field Values Removed:	
Field Values Added:	
Changes to XML Schema:	

Element Number: E02-05	Element Name: Primary Role Of The Unit
-------------------------------	--

Modified Definition:	
Additional Information:	
Field Values Removed:	65 Rescue
Field Values Added:	70 Supervisor
Changes to XML Schema:	

Element Number: E02-06	Element Name: Type Of Dispatch Delay
-------------------------------	--------------------------------------

Modified Definition:	
Additional Information:	<ul style="list-style-type: none"> • Florida Notes: have requested of the NEMSIS TAC that "none" be added as a value in future version
Field Values Removed:	-25 Not Applicable -20 Not Recorded -15 Not Reporting -10 Not Known
Field Values Added:	
Changes to XML Schema:	

Element Number: E02-07	Element Name: Type Of Response Delay
-------------------------------	--------------------------------------

Modified Definition:	
Additional Information:	
Field Values Removed:	<ul style="list-style-type: none"> -25 Not Applicable -20 Not Recorded -15 Not Reporting -10 Not Known -5 Not Available
Field Values Added:	
Changes to XML Schema:	

Element Number: E02-08	Element Name: Type Of Scene Delay
-------------------------------	-----------------------------------

Modified Definition:	
Additional Information:	
Field Values Removed:	<ul style="list-style-type: none"> -25 Not Applicable -20 Not Recorded -15 Not Reporting -10 Not Known -5 Not Available
Field Values Added:	
Changes to XML Schema:	

Element Number: E02-09	Element Name: Type Of Transport Delay
-------------------------------	---------------------------------------

Modified Definition:	
Additional Information:	
Field Values Removed:	<ul style="list-style-type: none"> -25 Not Applicable -20 Not Recorded -15 Not Reporting -10 Not Known -5 Not Available
Field Values Added:	
Changes to XML Schema:	

Element Number: E02-10	Element Name: Type Of Turn-Around Delay
-------------------------------	---

Modified Definition:	
Additional Information:	<ul style="list-style-type: none"> • Turn-Around Delays apply exclusively to transporting units and are calculated as the difference between the time that the unit arrives at the destination (E05_10) and the unit back-in-service time (E05_11) • The Florida EMS Advisory Council has requested that a new, custom element be added to capture Transfer of Patient Care for assessment of ED Overcrowding; until such time as this new element is added, Turn-Around Delays listing a type of ED Overcrowding (345) and the associated times will be used.
Field Values Removed:	<p>-25 Not Applicable -20 Not Recorded -15 Not Reporting -10 Not Known -5 Not Available</p>
Field Values Added:	
Changes to XML Schema:	

Element Number: E02-20	Element Name: Response Mode To Scene
-------------------------------	--------------------------------------

Modified Definition:	
Additional Information:	<ul style="list-style-type: none"> • If a unit is dispatched and the call is cancelled before they go en route, enter the value that would normally have been entered if the unit had proceeded en route (for example, if they would have had lights and sirens on, then choose 390).
Field Values Removed:	
Field Values Added:	
Changes to XML Schema:	

Element Number: E03-01	Element Name: Complaint Reported By Dispatch
-------------------------------	--

Modified Definition:	
Additional Information:	<ul style="list-style-type: none"> • Florida Notes: We recommended to the NEMSIS TAC that “other” be added as a value in the future version of the NHTSA Data Dictionary
Field Values Removed:	<p>-25 Not Applicable -20 Not Recorded -15 Not Reporting</p>
Field Values Added:	
Changes to XML Schema:	

Element Number: E03-02	Element Name: EMD Performed
-------------------------------	-----------------------------

Modified Definition:	
Additional Information:	<ul style="list-style-type: none"> • A blank in this field must be transmitted as -20 (Not Recorded).
Field Values Removed:	<p>-25 Not Applicable -20 Not Recorded -15 Not Reporting</p>
Field Values Added:	
Changes to XML Schema:	

Element Number: E05-01	Element Name: Incident Or Onset Date/Time
-------------------------------	---

Modified Definition:	
Additional Information:	<ul style="list-style-type: none"> • date/time will be UTC + / - Z (zulu), in 24 hour time format and in YYYYMMDD date format • **Florida requires all date/time fields be recorded when applicable to the call
Field Values Removed:	
Field Values Added:	
Changes to XML Schema:	

Element Number: E05-02	Element Name: PSAP Call Date/Time
-------------------------------	-----------------------------------

Modified Definition:	
Additional Information:	<ul style="list-style-type: none"> • date/time will be UTC + / - Z (zulu), in 24 hour time format and in YYYYMMDD date format • Where agencies are unable to determine the actual PSAP call time, this field should be left blank, and the date/time of first notification should be filled out in element E05_03 Dispatch Notified Date/Time.
Field Values Removed:	
Field Values Added:	
Changes to XML Schema:	

Element Number: E05-03	Element Name: Dispatch Notified Date/Time
-------------------------------	---

Modified Definition:	
Additional Information:	<ul style="list-style-type: none"> date/time will be UTC + / - Z (zulu), in 24 hour time format and in YYYYMMDD date format This represents the date/time the agency was first notified that EMS services are requested. This date/time field should always be filled out for all EMS events.
Field Values Removed:	
Field Values Added:	
Changes to XML Schema:	

Element Number: E05-04	Element Name: Unit Notified By Dispatch Date/Time
-------------------------------	---

Modified Definition:	
Additional Information:	<ul style="list-style-type: none"> date/time will be UTC + / - Z (zulu), in 24 hour time format and in YYYYMMDD date format
Field Values Removed:	
Field Values Added:	
Changes to XML Schema:	

Element Number: E05-05	Element Name: Unit En Route Date/Time
-------------------------------	---------------------------------------

Modified Definition:	
Additional Information:	<ul style="list-style-type: none"> date/time will be UTC + / - Z (zulu), in 24 hour time format and in YYYYMMDD date format **Florida requires all date/time fields be recorded when applicable to the call
Field Values Removed:	
Field Values Added:	
Changes to XML Schema:	

Element Number: E05-06	Element Name: Unit Arrived On Scene Date/Time
-------------------------------	---

Modified Definition:	
Additional Information:	<ul style="list-style-type: none"> • date/time will be UTC + / - Z (zulu), in 24 hour time format and in YYYYMMDD date format • **Florida requires all date/time fields be recorded when applicable to the call
Field Values Removed:	
Field Values Added:	
Changes to XML Schema:	

Element Number: E05-07	Element Name: Arrived At Patient Date/Time
-------------------------------	--

Modified Definition:	
Additional Information:	<ul style="list-style-type: none"> • date/time will be UTC + / - Z (zulu), in 24 hour time format and in YYYYMMDD date format • **Florida requires all date/time fields be recorded when applicable to the call
Field Values Removed:	
Field Values Added:	
Changes to XML Schema:	

Element Number: E05-09	Element Name: Unit Left Scene Date/Time
-------------------------------	---

Modified Definition:	
Additional Information:	<ul style="list-style-type: none"> • date/time will be UTC + / - Z (zulu), in 24 hour time format and in YYYYMMDD date format • **Florida requires all date/time fields be recorded when applicable to the call
Field Values Removed:	
Field Values Added:	
Changes to XML Schema:	

Element Number: E05-10	Element Name: Patient Arrived At Destination Date/Time
-------------------------------	---

Modified Definition:	
Additional Information:	<ul style="list-style-type: none"> • date/time will be UTC + / - Z (zulu), in 24 hour time format and in YYYYMMDD date format • **Florida requires all date/time fields be recorded when applicable to the call
Field Values Removed:	
Field Values Added:	
Changes to XML Schema:	

Element Number: E05-11	Element Name: Unit Back In Service Date/Time
-------------------------------	--

Modified Definition:	
Additional Information:	<ul style="list-style-type: none"> • date/time will be UTC + / - Z (zulu), in 24 hour time format and in YYYYMMDD date format • **Florida requires all date/time fields be recorded when applicable to the call
Field Values Removed:	
Field Values Added:	
Changes to XML Schema:	

Element Number: E05-13	Element Name: Unit Back At Home Location Date/Time
-------------------------------	---

Modified Definition:	
Additional Information:	<ul style="list-style-type: none"> • date/time will be UTC + / - Z (zulu), in 24 hour time format and in YYYYMMDD date format • **Florida requires all date/time fields be recorded when applicable to the call
Field Values Removed:	
Field Values Added:	
Changes to XML Schema:	

Element Number: E06-01	Element Name: Last Name
-------------------------------	-------------------------

Modified Definition:	
Additional Information:	
Field Values Removed:	-20 Not Recorded -15 Not Reporting
Field Values Added:	
Changes to XML Schema:	

Element Number: E06-02	Element Name: First Name
-------------------------------	--------------------------

Modified Definition:	
Additional Information:	
Field Values Removed:	-20 Not Recorded -15 Not Reporting
Field Values Added:	
Changes to XML Schema:	

Element Number: E06-08	Element Name: Patient's Zip Code
-------------------------------	----------------------------------

Modified Definition:	The patient's home ZIP code of residence; a valid 5 – 10 character postal code in the US or foreign country.
Additional Information:	<ul style="list-style-type: none"> In situations where the zip code is unknown, unavailable or does not apply, common null values will be accepted. However, blanks will not be accepted.
Field Values Removed:	-20 Not Recorded -15 Not Reporting
Field Values Added:	
Changes to XML Schema:	

Element Number: E06-10	Element Name: Social Security Number
-------------------------------	--------------------------------------

Modified Definition:	
Additional Information:	<ul style="list-style-type: none"> Record 000000000 for newborns and infants up to two (2) years of age who do not have a SSN. Record 777777777 for those patients where efforts to obtain the SSN have been unsuccessful and the patient is two (2) years of age or older and not known to be from a country other than the United States (U.S.). Record 555555555 for non-U.S. citizens who have not been issued SSNs. These codes are used by the Florida Agency for Healthcare Administration (AHCA) for hospital reporting
Field Values Removed:	-20 Not Recorded -15 Not Reporting
